user manual

v1.2 | 2016

TABLE OF CONTENTS

INTRODUCTION

Before using your WeTek Play2, please read carefully all the useful information provided in this manual. It will help you and will alert you to the necessary safety precautions preceding its first usage.

1. IMPORTANT INFORMATION FOR THE USERS

1.1 Important safety information

Read, follow and keep these instructions.
- Do not use this device near water.
- Clean only with a dry cloth.
- Do not block any of the ventilation openings.
- Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves or other apparatus (including amplifiers) that produce heat.
- Protect the power cord from being walked on or pinched particularly at the plug, receptacles and the point where they exit from the device. .
- Only use accessories included within this package or recommended by the manufacturer.
- Unplug this device during lightning storms or when unused for long periods of time.

WARNING: To reduce the risk of fire or electric shock, do not expose this device to rain or moisture.

This symbol indicates "dangerous voltage" inside the product which presents a risk of electric shock or personal injury.

This symbol indicates important instructions accompanying the product.

1.2. Precautions

Please read these precautions before operating this unit.

a) Power cord protection

To avoid any malfunctions of the unit, please observe the following:
- Hold the plug firmly when connecting or disconnecting the power cord.
- Keep the power cord away from heating appliances.
- Never put any heavy object on the power cord.
- Do not attempt to repair the power cord in any way.
- Never make or change connections with the power switched on.

b) Location

Avoid placing the unit in areas of:
- Direct sunlight or heating radiators.
- High temperature (over 50ºC) or high humidity (over 90%).
- Dust, as the internal parts may be seriously damaged.

c) Non-use periods

When the unit is not being used, turn it off. If it is unused for a long period of time, the unit should be unplugged from the power source.

d) No fingers or other objects inside

• Touching internal parts of this unit is dangerous and may cause serious damage to the unit.
• Do not attempt to disassemble the unit. Do not put any foreign object in this unit.

e) Keep away from water

Keep the unit away from flower vases, tubs, sinks, etc. If liquids are spilled into the unit, serious damage could occur.

2. PRODUCT OVERVIEW

WeTek Play 2 brings endless entertainment to your living room. Enjoy the latest movies and series in 4K UHD, play games, browse the internet, keep up with the news or use the DVB modular tuner to watch thousands of TV channels via satellite, terrestrial or cable connections.

Your WeTek device gives you access, among others, to the following possibilities:
• Modular DVB tuner for satellite, cable or terrestrial connections.
• HDMI interface for digital audio and high-definition video
• Composite interface (RCA, yellow / white / red) for analog AV connection
• S / PDIF (optical) digital audio hi-fi
• Video output resolutions up to 4K
• Surround Digital audio output multi channel or stereo (digital surround sound is only available when using the S / PDIF interface)
• Wired (Ethernet cable not included) or wireless Internet connection.
• Use microSD cards.
• 3 USB external ports where you can connect several USB storage devices and access them simultaneously. You can also connect keyboards, webcams and other devices with USB connection.
• Bluetooth to connect your speakers, keyboard, mouse, fitness watches, mobile phone and other devices with Bluetooth 4.0.
